#### **OBJECTIVE-**

A highly motivated and detail-oriented Computer Science graduate seeking an entry-level Software Developer position to leverage my coding skills, problem-solving abilities, and passion for technology. Eager to contribute to innovative projects, collaborate with dynamic teams, and continuously enhance my technical expertise while delivering efficient and scalable software solutions.

#### **EDUCATION-**

Dronacharya Group of Institutions, AKTU University B.Tech 7.5 Till Now
 Guru Harkrishan Public School 12<sup>th</sup> (CBSE) 82%
 Guru Harkrishan Public School 10<sup>th</sup> (CBSE) 83.2%

#### **EXPERIENCE**

## Java Developer (Intern) - Infosys Springboard

- Gained hands-on experience in Java programming, database management, and agile methodologies.
- Developed Java-based applications and implemented data structures to solve real-world problems.
- Worked on multiple projects, applying best coding practices and industry standards.

#### **SKILLS**

- Languages: Java, Python, C, C++, JavaScript
- Web Technologies: HTML, CSS, Git, GitHub, Responsive Design
- Database: SQL
- Tools & Platforms: VS Code, Eclipse, MySQL, GitHub
- Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA)

### PROJECTS -

#### Tourly Internal Hackathon

Developed a travel website where users can post their travel plans (e.g., a trip from Delhi to Manali) and connect with others interested in joining the trip to plan together.

# Plan-It Internal Hackathon

Created a comprehensive daily planning tool that integrates user inputs to generate tasks, notes, and calendar events, aiding in efficient time management.

### Happy Tails

Designed and implemented a user-friendly e-commerce website for pet products, featuring product listings, user authentication, shopping cart functionality, and secure payment processing.

## Number Guessing Game

Developed an interactive number guessing game using Java that provides hints and evaluates user guesses to improve logical thinking and problem-solving skills.

## **CERTIFICATIONS-**

- Cybersecurity Essentials, Cisco Jan 2024
- Programming Using Java, Infosys Springboard Aug 2024
- Data Structures and Algorithms Using Java, Infosys Springboard Aug 2024
- Database Management System I, II, Infosys Springboard Aug 2024
